It is without date but has characters and hieroglyphics which the greatest scholars of the present generation are unable to decipher. NOTES FROM HAZEL GREEN.

In reference to the Senatorial Convention we clip the following from the Herald:

JACKSON, Ky., June 10, 1901.
Editor Hazel Green Herald:

I wish to call the attention of the people of this district to the fact that Mr. Stamper is not the nominee of said convention. I had instructed for me to be nominated for the office of Senator by Breathitt, Morgan and Owlsley, while Stamper had only Wolfe, with five votes, and Lykins had Morgan, with nine votes. I also had friends on the delegation in Morgan and Wolfe, so that when either Stamper or Lykins was dropped, I was bound to be nominated. Mr. Stamper said he would drop through Mr. Carter that he would take Madison county's vote and then be nominated in two counties, being organized at the same time and place. The contesting delegates were seated with Breathitt, Magoffin and Owlsley's regular delegates, and on the call of counties I was nominated, receiving 23 of the 28 votes in the district.

Stamper tried to nominate himself with the five votes of Wolfe, which was all he had. I was fairly nominated and will make the race to the end.

Respectfully,
JAMES J. HAMPTON.

During the convention at this place some one stole a pocket book and \$62 from Dick Russell's trunk.

Allison Rose, of Lee City, passed through here Sunday morning en route to Illinois to look out a farm, with the view of locating there.

A meeting of the citizens of Hazel Green and vicinity was held on Monday for the purpose of raising a fund by subscription to purchase the ground for a new dormitory for the school. The property on the hill south of town, 30 acres at \$1,200, has been selected for the

Louisville Tobacco Market.

Total sales in this market last week were 2,988 hds., against 1,178 hds. on corresponding week last year. Total receipts, 2,369 hds., against 2,179 hds. for correspond week last year. Rejections were 493 hds., 21 per cent of the auction sales, against 18 per cent, for preceding week. Of the total sales 1,997 hds. were Burley and 996 were dark tobacco.

The Burley market this week has been more steady and the bidding more regular than last week, but prices have not been perceptively higher. There were times last week when the bidding showed more snap and activity than has appeared this week, but there were more neglected lotses last week than this. Thursday's market was thought to be a trifle stronger than on Wednesday. The low grades still sell regularly higher than the better grades. Public offerings have not contained a large proportion of good leaf.

Almost, if not quite, the entire State has had good rains this week, and transplanting is practically complete. In most sections acreage seems to be set. There is some complaint of cut worms, but the recent warm sunshine has probably eliminated them. The Burley acreage will probably not reach that of last year, but this is caused mainly by planters in the Green River territory abandoning Burley and going back to dark to bacco.

Tun on the Water.

This is what the Water Company will soon be doing, and you must be prepared to have it in your residences for all purposes. John Feehan expects to keep on hands a fine supply of bath tubs, water pipes, etc., and is prepared to do all kinds of plumbing. He guarantees to do only first-class work and will furnish first-class material. If any housekeeper contemplates putting in water fixtures, you should consult Mr. Feehan before you contract for the work. He reminds the public that he is ready on short notice to do tin roofing, guttering, filtering, etc.

CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily the parents, but it may be handed down from remote ancestors. Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or it may break out suddenly, and little we can do or ever makes its appearance—or a swollen gland in the breast, or some other part of the body, gives first evidence of its presence.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the body. This is what I drive home. This S. S. S. does, and is the only medicine that can reach deepest, obstinate, cancerous tissues like the

Womb. This poison has been carried out the system the Cancer heals, and the disease never returns.

Cancer begins in a small way, as the tumor grows from the skin. Shriver shows

A small pimple comes on my shoulder an inch or two across, and it is not painful, and I should have no trouble in removing it. It began to grow, and it grew

and continued to grow, and it became very painful, and I could not eat and sleep, until it was a large tumor.

It was a tumor of S. S. S. and I treated it with S. S. S. and it was removed, and it was remarkable.

It had from the very beginning, the sore began to heal, and in a few weeks disappeared entirely. This was two years ago, and there are still no signs of the disease.

The society has twenty-nine beneficiaries. Resolutions were adopted denouncing the modern divorce laws and urging that Baptist churches refuse to receive or retain in their membership persons who have been divorced and who have married again contrary to the scriptural law.

The State Board employs sixty-five missionaries and sixteen missionary co-porteurs, making a total of eighty-one missionaries under the board. These missionaries baptized 428 persons, organized thirty-eight Sunday schools and raised in their fields for church buildings \$7,166.20. Kentucky Baptist Association.

Representatives of 180,000 Kentucky Baptists Report From Murray, Ky.

We report in brief from Murray because of space and will have something to say of Baptists as individuals, of their schools, and other Kentucky interests in a more detailed way next week.

However, we may say that all messengers and visitors were hospitably entertained, and the editor and pastor of the Mt. Sterling Baptist church, were entertained royally by Dr. E. S. Dunaway and family. The Dr. is one of the leading physicians of Murray and Western Kentucky—quiet, nervous and competent, thoroughly in love with his profession. His family is the most interesting, a bright little boy of 2 years—"Dr." is what he has named himself, a really devoted mother and help-meet, and Mrs. Ferguson, who lives with the Dr.'s family, is determined and true to her convictions. Different in faith, Baptist, Methodist and Christian, striving for the same end. So long as memory lasts will it be a joy to revert to the days spent with this delightful family.

The Ministers' Meeting preceded the Convention and was characteristic of profound thought, developing helpful methods and unfolding the scriptures of the church by a wise and scholarly construction of the word.

The Kentucky Baptist Association organized by electing Dr. T. T. Eaton, of Louisville, Moderator; Rev. R. H. Morehead and J. W. Waldrop, Assistant Moderators; Rev. J. K. Nunnelley, of Georgetown, and B. H. Dement, of Louisville, Secretaries.

The meeting was pleasant in all its deliberations, only one point of order being made.

Richmond Court—The Register reports about 400 cattle on the market, about one-half of which sold at prices ranging from \$3 to 5 cents; market dull. Madison County Stock Yards report a few sheep which sold at 3¢; also about 400 cattle which sold at 3 to 5¢.

The new three cent piece to be issued by the government has been styled the "doughnut coin" by reason of the fact that the piece is to have a hole in the center. This innovation in the coining of Uncle Sam's money was deemed necessary from the fact that the new coin is the exact size and of the same material as the present five cent piece.

New Constitution.

The first committee report has been made to the Alabama Constitutional Convention. It creates a Lieutenant Governor, makes all officers ineligible to re-election, extending the terms to four years, and provides that the General Assembly may amend a bill to meet the objections of the Governor in stead of passing it over his veto.

To Have Title of Governor.

When Judge Taft, of the Philippine Commission, becomes the head of the civil government in the Philippines he will have the title of Governor. While it is expected that he will become Governor of the Philippines about the 1st of July there may be some delay.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for Circulars, free.

The Chinese throne again sends word that the court will not return to Pekin until the allies shall have evacuated. There is still no certainty as to when the allies will leave, the English alone being disposed to insist that some definite time shall be specified.

Quick Relief for Asthma.

Miss Maude Dickens, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using Foley's Honey and Tar and it has never failed to give immediate relief." F. C. Duerson.

Toll House Burnd.

The toll gate on the Dick's River and Lancaster turnpike having twice been blown up with dynamite, the toll house and gate were both burned Monday night, June 3. This is the only road in the county on which toll was collected, the magistrates and the directors of the road being unable to agree as to the price.

For two years Ira W. Kelley of Mansfield, Pa., was in poor health on account of kidney trouble. He consulted several physicians and spent considerable money for medicines without obtaining relief until he tried Foley's Kidney Cure, and now writes "I desire to add my testimony that it may be the cause of aiding others." F. C. Duerson.

The International Jubilee convention is in session at Boston.

Encouraging are the reports made to the trustees of the College of the Bible of Kentucky University. The endowment fund is now \$118,000, it having been increased \$13,000 during the past year.

"A few months ago, food which I ate for breakfast would not remain on my stomach for half an hour. I used one bottle of your Kodol Dyspepsia Cure and can now eat my breakfast and other meals with a relish and my food is thoroughly digested. Nothing equals Kodol Dyspepsia Cure for stomach troubles." H. S. Pitts, Arlington, Tex. Kodol Dyspepsia Cure dictates what you eat. F. C. Duerson.

He who would save all that is best in life both for this life and that which is to come, must act in the living present.

A sallow, jaundiced skin is a symptom of bilious disease, as it springs from bilious poisons retained in the blood, which destroy energy, cheerfulness, strength, vigor, happiness and life. Herbine will restore the natural functions of the liver. Price 50¢. Thos. Kennedy.

The pain that takes us to God means that God is taking pains with us.

Fatal mistakes are made by those who do not heed the earlier symptom of kidney or bladder trouble that often end in Bright's disease or diabetes. When Foley's Kidney Cure takes the kidney well, how foolish it is to delay. F. C. Duerson.

Work for the Lord to day and wait for His coming to-morrow.

If your sight is blurred with specks and spots floating before your eyes, or you have pains on the right side under the ribs, then your liver is deranged, and you need a few doses of Herbine to regulate it. Price 50¢. Thos. Kennedy.

Principle is more necessary than principal in business.

"The Doctors told me my cough was incurable. One Minute Cough Cure made me a well man," Norris Silver, North Stratford, N. H.—Because you've not found relief from a stubborn cough, don't despair. One Minute Cough Cure has cured thousands and it will cure you. Safe and sure. F. C. Duerson.

Religion and pessimism should not be on speaking terms.

Dyspepsia cannot be long lived because to live requires nourishment. Food is not nourishing until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. F. C. Duerson.

Selfishness is only another name for short-sightedness.

A fatal polity is to neglect a backache or other sign of kidney trouble. Foley's Kidney Cure is a sure remedy for Bright's disease, diabetes, and gravel. F. C. Duerson.

It may be hard to work, but it is far harder to wait.

Eczema, scabies, insect bites, chafing, eye poisoning and all skin tortures are quickly cured by DeWitt's Witch Hazel Salve. The certain pile cure. F. C. Duerson.

We ask God to feed us, but do we ever say with him?

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run unchecked. Tabler's Buckeye Pile Ointment is an infallible remedy. Price 50¢ a bottle, tubes 75¢. Thos. Kennedy.
